

ACT 719

Sponsored by Rep. Barbara Freiberg, R-Baton Rouge, Act 719 created a "hunger-free campus" designation program. The bill set forth the criteria schools have to meet to receive the designation and charged the Board of Regent's to develop an application and create a grant program for campuses that receive the designation.

BY THE NUMBERS

29 PERCENT

of students at four-year colleges experience food insecurity

38 PERCENT

of students at two-year colleges experience food insecurity

\$2.5M

appropriated to Feeding Louisiana to fight hunger and food insecurity⁵

PURSUANT TO ACT 719 OF THE 2022 REGULAR LEGISLATIVE SESSION, THE BOARD OF REGENTS ESTABLISHED THE HUNGER-FREE CAMPUS DESIGNATION.

WHAT IS THE HUNGER-FREE CAMPUS DESIGNATION?

• The Hunger-Free Campus designation and grant program are a two-part mandate not only to recognize those campuses that have established critical student services around hunger and related concerns but also for the Board of Regents to develop a competitive grant program to support our institutions in these efforts.

WHAT IS THE FOCUS OF REGENTS' HUNGER-FREE CAMPUS DESIGNATION?

- A 2020 study¹ indicates that approximately 29% of students at four-year colleges and 38% at two-year schools experience food insecurity. The numbers are substantially higher for students of color.
- Research shows hungry students have lower GPAs² and struggle more to earn their degree³ than students who know where their next meal is coming from.
- But even outside of hurricane season, college students in Louisiana, where one in five residents live in poverty⁴, are going hungry.
- Most of Louisiana's colleges and universities have a food pantry of some kind, although some do not offer fresh foods. Food pantries also cannot address the entirety of patrons' nutrition needs.

HFC TIMELINE

2023

Send out applications and select the first institutions to receive the HFC designation

2024

Establish a competitive GRANT Program and process for institutions s to apply, if funding available

WHAT WORK HAS BEEN DONE LEADING TO NOW?

Regents surveyed public and private institutions to obtain campus contacts responsible for anti-hunger and food pantry efforts at each institution. Institutions wishing to attain this designation must fill out the application and submit it to Regents staff by May 1, 2023, for presentation at the June 2023 Board meeting.

Regents was asked to participate in the Louisiana Charitable Food Summit on May 2, 2023, at the Pennington Biomedical Center. We set up an information table on the Hunger Free Campus for participants.

Regents is partnering with Feeding Louisiana to provide additional resources to designated HFCs. A Regents' representative has been asked to participate on the Louisiana Anti-Hunger Coalition Council.

The Feeding Louisiana network consists of five regional food banks based in Shreveport, Monroe, Alexandria, Baton Rouge, and New Orleans. Louisiana's food banks serve food-insecure households in all 64 parishes statewide.

WITH THE PASSAGE OF ACT 719, THE BOARD OF REGENTS IS RESPONSIBLE FOR SETTING THE CRITERIA AND APPLICATION PROCESS FOR THE HUNGER-FREE CAMPUS DESIGNATION.

For campuses to receive this **Hunger-Free Campus** designation, they shall do all of the following:

- Establish a Hunger-Free Task Force that meets a minimum of three times per academic year and include at a minimum two or more enrolled students, a representative from the Office of Student Affairs, and a representative from the Office of Financial Aid
- Inform students who receive need-based financial aid of their potential eligibility to receive Supplemental Nutrition Assistance Program (SNAP) benefits
- Hold or participate in at least one anti-hunger awareness event per academic year
- If campus food pantries or charitable food distribution exists on campus, assess the need to provide access to on-campus food distribution, a local off-campus food pantry, or an on-campus food pantry.
- Submit information on where campus food pantry resides and contact information for food pantry representative responsible for management of campus food pantry efforts
- Provide a summary of campus efforts in the following areas:
 - (1) Hunger-Free Campus Task Force,
 - (2) SNAP benefits communication informing students of potential eligibility,
 - (3) Anti-Hunger campus event (date, time, location, participating schools), and
 - (4) Whether or not the campus provides access to charitable food distribution on your campuses, or local community food pantry
